

Certifications

LAMPE has integrated within its curriculum the objectives necessary for students to pass leading industry exams, such as, Adobe Certification in:

- *Dreamweaver
- *Flash
- *Photoshop

The Multimedia 2 course also prepares students for certification in the leading industry audio program:

*Pro Tools Expert Certification.

Teachers in the program are certified instructors for both Adobe and Pro Tools curricula.

Web Communication
Dreamweaver® CS4

Lancaster High School

Learning and Achieving in Multimedia Production & Engineering

Multimedia 1

Students learn: Photoshop, Illustrator, InDesign, Dreamweaver, Flash, Garageband, and iMovie.

This one-year course is an integration of communication skills and artistic proficiencies using contemporary media arts as a focus. Students will create logos, webpages, animation, photo galleries, and video. The applications used in the class will include; Illustrator, Photoshop, InDesign and Dreamweaver.

This integrated curriculum forms a solid groundwork from which students may build upon in Multimedia Contemporary Design 2.

This course is a College Prep Elective, it meets the UC requirements for Art credit and is also articulated at AVC.

Students may have the opportunity to take the Adobe certification test in three areas; Flash, Photoshop, and Dreamweaver.

Multimedia 2

Prerequisite: Contemporary Multimedia Design 1 and/or instructor permission.

Students learn: Logic, Reason, Pro Tools, Audio and Video Production.

This second-year course is an integration of communication skills and artistic proficiencies using contemporary media arts as a focus.

This class will strengthen students background in visual communication, as well as technology used in digital audio workstations. Students will be exposed to the technology of digital music recording and sequencing, music mixing and production, digital artwork for CD's and production skills through hands-on experience with mixing boards, digital audio workstations, keyboard controllers, control surfaces and microphones.

This course is a college prep class that earns UC credit.
